Hospice Georgian Triangle Shared Care Program

Compassionate Support Through Serious Illness

The Hospice Georgian Triangle Shared Care Program provides free support to individuals living with a life-limiting illness in the South Georgian Bay region.

We're here to help you and your loved ones focus on what matters most: comfort, quality of life, and compassionate support.

How we help:

- Explore what to expect with your illness
- Exploring goals of care and care preferences
- Connect you with services and community resources
- Coordinate care with your healthcare team

Our goal is that you feel supported and informed every step of the way.

What we offer

Our free services are personalized to support you and your family.

We help with:

- Regular check-ins while at home
- Planning future care based on your values
- Supporting caregivers and loved ones

We can connect you to:

- Hospice programs
- Campbell House tours
- Home care services
- Local community resources

Who's eligible?

You may qualify if:

- You have a life-limiting illness
- You live in South Georgian Bay
- You're open to palliative care and need added support

The Shared Care Program is designed to support individuals with a prognosis of approximately one year or less. Everyone with a life-limiting illness is encouraged to talk to their care provider about a palliative approach to care and advance care planning, which can be helpful at any stage.
